ROSELINE DZIDZEME TSATSU, BENNETTA AVAGA

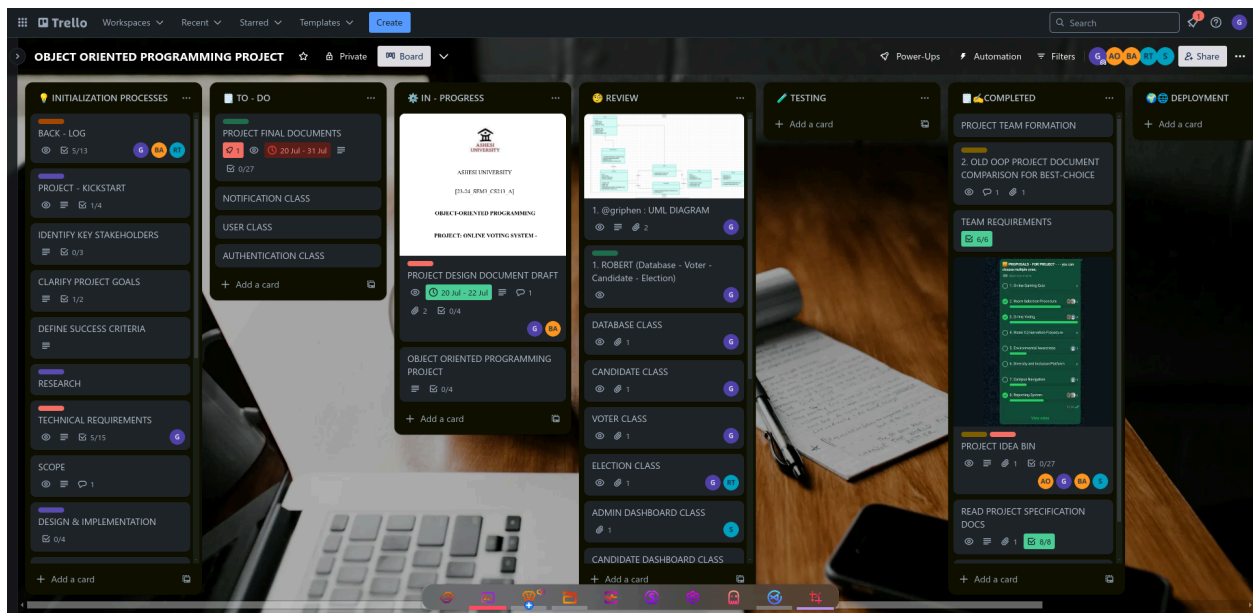

FACULTY: DR. GOVINDHA YELURIPATI

FACULTY INTERN : ELIJAH

22ND JULY, 2024

During our project, I took on a leadership role, organizing and assigning tasks to team members to ensure efficient collaboration. I created platforms like Trello for project management and guided the team through GitHub to streamline our workflow. My primary responsibility was overseeing the functionality of all submitted classes and implementing the GUI for our program.
